

Sprint 1

Start Assignment

Due Wednesday by 11:59pm **Points** 100 **Submitting** a website url or a file upload
Available Jan 26 at 12am - Feb 8 at 11:59pm

Work to complete for entire Team for Sprint 1:

- Write a set of user stories and create issues needed to implement these stories in your GitHub repository. Utilize the guides in Dr. Dobra's [announcement. \(https://ufl.instructure.com/courses/474149/discussion_topics/3799385\)](https://ufl.instructure.com/courses/474149/discussion_topics/3799385)
- Decide on a set of issues to complete for this sprint for both frontend and backend teams.
- Complete issues and push code to your GitHub repository

SUBMISSIONS:

Submission Format: GitHub Link & Videos (Links or files)

Dev-Team Videos:

- Front End:
 - Record a video with both members demoing your frontend work. Use a mocked up backend, if necessary.
- Backend:
 - Record a video with both members demoing your backend work. Use the command line or Postman.

Entire Team:

- In a file titled "Sprint1.md", add the following details:
 - User stories
 - What issues your team planned to address
 - Which ones were successfully completed
 - Which ones didn't and why?

Sprint 1 Rubric

Criteria	Ratings		Pts
Frontend Video	25 pts Full Marks	0 pts No Marks	25 pts
Backend Video	25 pts Full Marks	0 pts No Marks	25 pts
Sprint1.md	50 pts Full Marks	0 pts No Marks	50 pts
			Total Points: 100
