Sprint 2

Due Feb 22 by 11:59pm   **Points** 100   **Submitting** a website url or a file upload
Available Feb 8 at 12am - Feb 22 at 11:59pm

WORK TO COMPLETE:

Entire Team

- Make progress on issues uncompleted in Sprint 1
- Integrate frontend and backend

Frontend

- Write frontend tests using Cypress
- Write unit tests specific to your choses frontend framework
  - There is no specific number of unit tests to complete, but aim for a 1:1 unit test to function ratio

Backend

- Detailed documentation of your backend API (save in Sprint 2.md)
- Write unit tests specific to your chosen backend framework
  - There is no specific number of unit tests to complete, but aim for a 1:1 unit test to function ratio

SUBMISSIONS:

Submission Format: GitHub Link & Videos (Links or files)

- Narrated video presentation. Split the presentation such that each member of your team narrates a portion. Presentation should include:
  - Demonstrate functionality of your integrated application.
  - Show results of your unit tests.
- Sprint2.md
  - Detail work you've completed in Sprint 2
  - List unit tests and Cypress tests for frontend
  - List unit tests for backend
  - Add documentation for your backend API
